Use this template to help plan how you will organize your research.

- Think about what **subtitles** you might want to include for each section/question you are presenting. Also, think about which meaningful **pictures** you will include on the poster.
- Use the blank poster to sketch the subtitles, pictures, and information you are going to put onto it BEFORE you start your good copy.
- * If you are using a display board you need to divide the rectangle into 2 wings and 1 main part.
